

1900. Permanent Issue.A photograph of an apparently used half of a 1 Att stamp.Excoll. C. B. B.The stamps used to pay the necessary postage are:-(a.) The $1\frac{1}{2}$ Att Postcard stamp

(b.) A 2 Att stamp.

(c.) A half of a 1 Att stamp.

This makes up the necessary foreign postcard postage rate, but the half stamp is in all probability fraudulent, as other similar Postcards are known in which the 1 Att stamp is entire.
